

Tech Express Articulation to Valencia College in Digital Media Technology A.S. Degree

with [Orange Technical College Web Development Program](#) for up to 5 earned college credits

(Please see an Information Technology or Arts & Entertainment Career Program Advisor for A.S. degree and/or technical certificate course scheduling options.)

Criteria for Award of Credit: Students completing an articulated program at Orange Technical College (OTC) can earn Valencia College (VC) credits in the articulated Associate in Science degree by satisfying the following criteria: 1. Prior to graduation, it is recommended that you meet with your campus Tech Express to Valencia advisor; 2. Complete required technical college program at OTC; 3. Complete approved project(s)/certification(s) listed below for award of credit; 4. Enroll and attend Valencia College after technical college graduation. Valencia will award Tech Express credits up to three years after technical college graduation. Beyond three years, exceptions will be considered if students can demonstrate current industry knowledge (e.g., employer letter); 5. Provide documentation required for approved assessment(s) to VC Career Program Advisor or Program Chair for articulated A.S. degree. Upon completion of evaluation process, credit will be awarded after drop/add date.

Course Equivalency in Specialized Courses:

OTC Articulated Program	Assessment for Award of Credit	Articulated VC Course and Credit	Earned Credit Potential	Articulated A.S. Degree
<div data-bbox="40 894 241 1013" style="border: 1px solid black; padding: 5px; text-align: center;"> Web Development (1050 Hours) </div>	<div data-bbox="278 639 1124 854" style="border: 1px solid black; padding: 10px;"> Using one or more projects, provide at least one HTML site linked to a CSS document. The HTML document should link to a least one image or one internal/external link and demonstrate good structure, standards compliance, box model comprehension, divs, and columns. All styling elements should be controlled by the CSS. In addition, a set of folders demonstrating knowledge of website file structures should be provided. </div>	<div data-bbox="1155 698 1528 783" style="border: 1px solid black; padding: 5px; text-align: center;"> DIG 2100C Web Essentials (2 credits) </div>	2 credits	<div data-bbox="1692 857 1893 1020" style="border: 1px solid black; padding: 5px; text-align: center;"> Digital Media Technology <i>Web Development Specialization</i> </div>
	<div data-bbox="278 939 1124 1285" style="border: 1px solid black; padding: 10px;"> Using one or more projects, provide website that includes at least one HTML document, one CSS document, and one JavaScript document. Website should be interactive and demonstrate ability to manipulate DOM using JavaScript. Examples might include interactive quizzes, random number/text generators, or calculators. In addition, a set of folders demonstrating knowledge of website file structures should be provided. The requirements for DIG 2100C are also applied to projects intended to earn credit for DIG 1102C. </div>	<div data-bbox="1155 995 1528 1110" style="border: 1px solid black; padding: 5px; text-align: center;"> DIG 1102C Introduction to Web Programming (3 credits) </div>
