

## **Virtual PERT Test Requirements/Preparation Checklist**

### **Computer Requirements**

- ✓ Testing should take place on a desktop computer or laptop. Handheld/mobile devices cannot be used for testing.
- ✓ The PERT can only be taken on one of the following browsers: **Google Chrome or Microsoft Edge.**
- ✓ Stable internet connection
- ✓ Functional video (webcam) and audio for the entirety of the test session

### **Before Test Day**

- ✓ Review the [PERT Preparation Resources](#). This is an important test that will determine your course placement.
- ✓ Review the [PERT Testing Rules](#) prior to testing. Failure to follow the testing rules could result in the invalidation of your scores.

### **Test Environment**

- ✓ The testing area should **only** include a computer, mouse, keyboard, scratch paper and a pencil.
- ✓ A quiet, well-lit, and undisturbed room is required for testing.

### **Items Needed for Test Day**

- ✓ Physical photo identification is required; acceptable forms of ID are a government-issued ID card (i.e. driver's license, passport) or School ID (i.e. Valencia College ID or high school ID)
- ✓ Regular pencil (no pens or mechanical pencils)
- ✓ Up to 5 blank sheets of scratch paper. These should be shown to the camera at the beginning of the test session.

**IMPORTANT:** The test is not timed, however once you begin testing, you must complete your exam on the same day before 10:59pm. Even if you are actively testing, your session will be closed by the CollegeSuccess system at that time and will be counted as an attempt. Please be sure to allow yourself ample time to complete your exam (each section may take approximately 1 hour to complete).
