

**Valencia College Assessment
Postsecondary Education Readiness Test (P.E.R.T)
Placement Testing Rules**

Cheating and/or engaging in misconduct are strictly prohibited.

Your test session will be recorded and reviewed after testing. Even if the system allows you to continue your testing session, you will be held responsible for the testing rules and Valencia Assessment staff may **invalidate your scores** for the following reasons:

- Falsifying information, presenting false identification, or taking a test for another person.
- Failure to show a 360-degree view of room and testing area during the room scan.
- Use of any outside aids on the test including, but not limited to, the use of cell phones, smart devices, personal calculator, notes, books, etc.
- Questionable behavior: persistent glancing offscreen, reaching offscreen consistently, etc.
- Communication with another individual(s) during the exam.
- Leaving the testing area during the exam.
- Hiding of face/camera during testing.
- Use of an outside website other than the pages necessary for testing session.
- Copying or capturing test content in a physical or electronic means.
- Failure to cut/shred your scratch paper into small pieces at the end of testing.

IMPORTANT NOTE: The test is not timed; however, once you begin the test, you must complete the test in the same day **before 10:59pm**. Even if you are actively testing, your session will be closed by the College Success system at that time and it will be counted as an attempt. Please be sure to allow yourself at least 3 hours to complete the test.

PERT Calculator information on next page

Taking the PERT Math Section

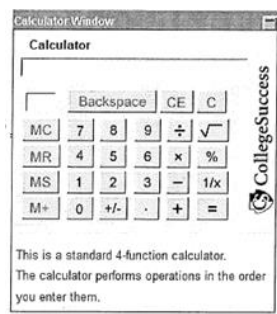

PERT calculator

The test has its own 4-function calculator and you will be allowed to use it for only certain questions. When you are allowed to use it, a calculator icon will appear on your test page.

Once the calculator icon has been clicked, the electronic calculator will appear as a pop-up. You must use the electronic calculator keyboard to input numbers. It is a standard 4-function calculator and performs operations in the order you enter them.

The PERT calculator will provide the following calculator option on your test page:

No other calculator may be used during the PERT.
