- Safety & Security

# Senator of Sustainability

This person will provide leadership to raise student awareness of sustainability (environmental, social, and economic) challenges and recommend solutions such as behavioral changes that have a positive impact

This person will also focus on reducing negative impacts of events and purchasing by identifying better practices, policies, and products.

## Duties of the Sustainability Senator.

- Assist with Earth Day Planning
- Create and Distribute Marketing
- Table at club, SD, and SGA events
- Promote for-credit and volunteer sustainability student opportunities
- Identify ways to reduce waste from student events
- Improve purchasing habits (low impact products)
- Educate and encourage students to adopt more sustainable lifestyle habits and products

LEGISLATIVE TRIP:

# Tallahassee

## **EXPERIENCE**

Even though this year our organization had nothing to lobby for, we were able to learn hands-on the legislative process.

## **MEET AND GREET**

We met with various House Representatives and Senators of The Florida Legislature.

## **ACTION**

Our organization learned how to take action hands on and how to impact our community on the political perspective.

**Thank  
you!**
