RE: VALENCIA FOUNDATION ANNUAL AUDIT
REVIEW/CERTIFICATION OF VALENCIA FOUNDATION

In accordance with Section 1004.70(5), Florida Statutes, each direct-support organization (college foundation) shall submit to the District Board of Trustees its federal Internal Revenue Service Application for Recognition of Exemption form (Form 1023) and its federal Internal Revenue Service Return of Organization Exempt from Income Tax form (Form 990).

In addition, in accordance with Section 1004.70(6), Florida Statutes, each direct-support organization (college foundation) must conduct an annual financial audit. This annual audit report must be submitted to the District Board of Trustees for review.

Next, in accordance with Section 1004.70(1)(a)(3), following this review by the District Board of Trustees, the Board must certify the Valencia Foundation to be operating in a manner consistent with the goals of Valencia College and in the best interest of the state.

The documents noted above are included in the Board materials for review, discussion, and acceptance by the District Board of Trustees.

The independent auditor's report was prepared by BDO USA, LLP, which audited the foundation's financial statements. In its audit report, the independent auditor rendered an unmodified opinion concluding that the financial statements of the foundation for the fiscal year ending March 31, 2020 are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

1. On March 31, 2020, the assets of the foundation exceeded its liabilities by \$86,567,956 (net assets). Of this amount:

- \$15,803,674 (net assets without donor restrictions) may be used to provide academic, community and college program support, as well as general and administrative support;
- \$35,875,169 (net assets with donor restrictions) represents funds which have been limited by donors with time restrictions or for special purposes; and

- \$34,889,113 (endowment funds restricted in perpetuity) is the non-expendable portion of funds that are invested in perpetuity.

2. The foundation's net assets decreased 12 percent or approximately \$12.3 million to a fiscal year-end balance of \$86,567,956. This decline is predominantly attributable to reduction in revenue from contributions and investment performance.

3. The foundation's operating budget is derived primarily from revenue generated by a lease on foundation-owned property, in-kind contributions, and 1.5 percent annualized and drawn down quarterly from the investment pool's fair market value. The foundation also receives salary support and various general and administrative support from the college. Not a single penny of any operating expenses comes from donor gifts.

4. Currently, the foundation does not have any debt and has no expectation to incur debt. Furthermore, with total assets of \$87.2 million if the foundation should find itself in a position of needing to incur debt in the future it has sufficient assets to cover its indebtedness.

RECOMMENDED ACTION:

The President recommends that the District Board of Trustees accept the Valencia Foundation's 2020 Audit Report, 2020 Internal Revenue Service Return of Organization Exempt from Income Tax Form 990, and Internal Revenue Service Application for Recognition of Exemption Form 1023, as presented, and certify the Valencia Foundation to be operating in a manner consistent with the goals of Valencia College and in the best interest of the state.

Independent Auditor's Report

Board of Directors
Valencia College Foundation, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Valencia College Foundation, Inc. (the "Foundation"), which comprise the statements of financial position as of March 31, 2020 and 2019, and the related statements of activities, cash flows and functional expenses for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of March 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Overview and Analysis of the Foundation's Finances on pages 5 through 10 and the Certification of Private Contributions for First Generation Matching Grant Program on page 36 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 12, 2020 on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

Overview and Analysis of the Foundation's Finances

The leadership of Valencia College Foundation, Inc. (the "foundation") offers readers of the foundation's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended March 31, 2020. Readers are encouraged to consider this information in conjunction with the independent auditors' report and the basic financial statements included herein.

This report represents the foundation leadership's overview of the organization's financial health and well-being. Consequently, we assume full responsibility for the completeness and reliability of all information. To provide a reasonable basis for making these representations, the foundation has established a comprehensive internal controls framework designed to protect the foundation's assets from loss, theft or misuse. These controls also allow the external auditors to compile sufficient, reliable information for the preparation of the foundation's financial statements conforming to accounting principles generally accepted in the United States of America (GAAP). Because the cost of internal controls should not outweigh their benefits, the foundation's controls have been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. We confirm that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The foundation's financial statements have been audited by BDO USA, LLP, an independent firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the foundation as of and for the fiscal year ended March 31, 2020 are free from material misstatement. The independent audit involved: a test-basis examination of evidence supporting the amounts and disclosures in the financial statements; evaluating the appropriateness of the accounting policies used; the reasonableness of significant estimates made by the foundation's management; and evaluation of the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the foundation's financial position as of March 31, 2020 and changes in its net assets and cash flows for the year then ended is fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

Financial Highlights

On March 31, 2020, the assets of Valencia College Foundation exceeded its liabilities by \$86,567,956 (net assets). Of this amount:

- \$15,803,674 (net assets without donor restrictions) may be used to provide academic, community and college program support, as well as general and administrative support;
- \$35,875,169 (net assets with donor restrictions) represents funds which have been limited by donors with time restrictions or for special purposes; and
- \$34,889,113 (endowment funds restricted in perpetuity) is the non-expendable portion of funds that are invested in perpetuity.

The foundation's net assets decreased 12 percent or approximately \$12.3 million to a fiscal year-end balance of \$86,567,956. This decline is predominantly attributable to a reduction in revenue from contributions and investment performance.

Valencia College Foundation, Inc.

Overview and Analysis of the Foundation's Finances

One hundred percent of every gift to the foundation goes directly to the donor's intended purpose. So, a \$1,000 scholarship contribution is directed entirely to scholarships without a percentage deducted for administration, overhead or any other expense. The foundation's operating budget is derived primarily from revenue generated by a lease on foundation-owned property, in-kind contributions and other operating support from Valencia College, and 1.5 percent annualized and drawn quarterly from the endowment's fair market value. Sixty-nine percent of the budget comes from endowment performance and lease revenue. The balance of the operating budget is in-kind contributions and salary support from Valencia College.

Overview of Financial Statements

One important concern of donors is to determine whether Valencia College Foundation, as a whole, has improved its financial health during the past fiscal year. A review of the foundation's statements of financial position, statements of activities, statements of cash flows and the notes to the financial statements helps to answer this question. It is also important to consider how external factors may impact foundation financials; these issues could include economic trends, stock market performance, Valencia College needs, and state and federal regulations that govern fiscal reporting for non-profits.

- The statement of financial position presents information on all of the foundation's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of the foundation's well-being.
- The statement of activities shows whether revenues and other support exceeded expenses, which results in either an increase or a decrease in net assets. All net asset changes are reported on an accrual basis, regardless of the timing of the related cash flows. Revenues and expenses are reported in these statements for some items or events that will impact cash flows in future periods, if at all (unrealized gains and losses on investments, for example).
- The statement of cash flows identifies the changes in cash activity for the period. The primary purpose of this statement is to provide relevant information about cash receipts and cash payments of the foundation throughout the fiscal year. For example, accruals and unrealized gains and losses are adjusted to reflect only items that provided or used cash during the fiscal year.

Net assets	\$ 86,567,956	\$ 98,799,356	\$ (12,231,400)

Net assets total \$86.6 million

The foundation ended the 2019-20 fiscal year with net assets of \$86.6 million, a 12 percent decrease from the prior fiscal year-end balance of \$98.8 million. Substantial market volatility resulting in unrealized losses on the investment pool combined with a reduction in contributions led to the lower value.

As of March 31, 2020, investment holdings account for 80 percent of total assets. The purpose of the investment pool is to preserve and enhance the real purchasing power of contributed funds, while providing an earnings stream to support Valencia College. The value of the foundation's investments total \$69.5 million. That represents a drop of 11 percent from the previous fiscal year-end value of \$77.9 million. The downturn in investment value is for the most part due to the erratic financial market performance during the year. Significant volatility occurred in the last quarter of the fiscal year as uncertainty about the global pandemic caused by novel coronavirus, the governmental response to it and the impact on the economy drove up fear in the market. It should be noted that financial markets began rebounding in April, just after the fiscal year ended. The foundation's finance committee meets quarterly to review the portfolio and ensure that a diverse asset allocation of domestic and international equities, fixed-income and alternative investments is maintained so the foundation is able to provide for the short-term, as well as the long-term, needs of the college.

The net pledges receivable balance is reduced from the prior year-end balance largely due to the foundation receiving a \$6.4 million 3-year grant during 2017-18. During the year, the foundation received the final payment of \$1.3 million for the pledge.

Total liabilities of \$597,000 as of March 31, 2020 includes accounts payable and accrued expenses, as well as deferred revenue and a charitable gift annuity. The reduction in total liabilities of \$2.06 million is mainly due to a decrease in accrued program-related expenses.

The foundation maintains positive balances in all net asset categories. As of the 2020 fiscal year-end, 84 percent of the foundation's net assets are donor restricted, either temporarily or in perpetuity. The remaining balance of net assets is without donor restriction and may be used to meet the foundation's ongoing obligations, as well as using for potential grant-matching opportunities.

* Management and general expenses, and fundraising expenses are paid from the foundation's operating budget, which is derived from lease payments for foundation-owned properties, in-kind contributions and other operating support from Valencia College, and a 1.5 percent administrative fee of the investment pool. Not a single penny of any management and general and fundraising expenses comes from donor gifts.

Foundation prepares for The Valencia Promise Campaign

Contributions for the year added up to \$2.5 million and is less than the prior year because the foundation received 2 extraordinary one-time gifts during fiscal year 2019. Additionally, the foundation is in the process of preparing for The Valencia Promise Campaign with a \$30 million fundraising goal. The campaign aims to fund 4 pillars of promise: make education affordable and accessible, grow our community's economy, lead individuals to high-wage jobs, and provide innovative learning experiences.

Valencia College Foundation, Inc.

Overview and Analysis of the Foundation's Finances

Investment pool activity, which includes income net of fees and net realized and unrealized losses, created a \$6 million deficit to revenue. This is not surprising given the instability in the financial markets in February and March due to worries over coronavirus. Markets began rallying after the fiscal year ended and as of the date of this report, the pool has since recovered the bulk of the losses recorded in fiscal year 2020.

The foundation raised more than \$315,000 in cash and in-kind donations for the tenth signature event, Taste for Learning, held May 11, 2019. This event occurs because of donated space and resources. Since the signature event is not possible without the commitment of so many partners in the community that contribute space, wine, food, décor and other resources to make this event successful, it does not always occur every 12 months, which is why there was not an event in the previous fiscal year.

Foundation disburses more than \$7.4 million for Valencia College students and programs

Program services made up 82 percent of total disbursements, and included scholarships, endowed faculty chairs and academic program support. Academic program funding was the largest area of program services with 64 percent or \$4.7 million of the total disbursed. College programs the foundation supported during the year include:

- \$2.7 million for the Central Florida Education Ecosystem Database project being led by Valencia College;
- \$853,000 towards the Walt Disney World Center for Culinary Arts and Hospitality;
- \$500,000 for continued expansion of the School of Nursing; and
- \$204,000 for Horizon Scholars Program.

Student scholarship support totaled \$2.57 million or 35 percent of program service support. The foundation awarded \$1.32 million to students from more than 390 endowed scholarship funds. Other scholarship opportunities provided by the foundation include:

- \$443,000 for first generation in college students;
- \$271,000 towards tuition for students who previously completed the Horizon Scholars Program; and
- \$115,000 in scholarship funds to assist students in the Accelerated Skills Training Programs.

Overall, more than 2,700 students received financial support from the foundation during the fiscal year.

Condensed Statement of Cash Flows

	Year Ended March 31,	
	2020	2019
Cash flows:		
Net cash provided by (used for) operating activities	\$ (3,242,428)	\$ 4,949,210

Cash and cash equivalents, beginning of year	5,538,227	2,203,346
Cash and cash equivalents, end of year	\$ 2,018,500	\$ 5,538,227

The statement of cash flows provides information about the foundation's major sources and uses of cash and cash equivalents. It also provides another way to assess the financial viability of the foundation. For purposes of cash flow, the foundation classifies as "cash equivalent" all highly liquid debt instruments with a maturity of three months or fewer. With \$2 million in cash and cash equivalents, the foundation continues to maintain ample liquidity and flexibility.

The contracted balance of cash and cash equivalents is due mostly to a decrease in cash provided by operating activities. The foundation received \$2.2 million during the year for payments toward pledged gift agreements. The majority of those funds were then forwarded to Valencia College to be used for their intended purpose.

The mission-driven work and financial outcomes shared in this report would not have been possible without the commitment and service of the foundation staff and our dedicated board of directors. Our board unfailingly supports the team in remaining true to our guiding principles and offering our donors and partners the highest standards of professionalism. Because of their stewardship, Valencia College Foundation is on very solid financial ground and is poised to enhance and expand service to Valencia College, our students and our Central Florida community.

Geraldine Gallagher

Notes to Financial Statements

1. Summary of Significant Accounting Policies

Nature of Activities

Valencia College Foundation, Inc. (the "Foundation") was established in 1974 to serve as a direct-support organization for Valencia College ("Valencia") as provided in Section 1004.70 of the Florida Statutes. The Foundation is included as a discretely presented component unit in the Valencia College financial statements.

The Foundation's principal function is to receive, hold, invest and administer charitable contributions for Valencia College.

Accounting Pronouncements Adopted

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, *Revenue from Contracts with Customers (Topic 606)*. This guidance requires an entity to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which entities expect to be entitled in exchange for those goods or services. The ASU also requires additional disclosure to enable readers of the financial statements to understand the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers. The Foundation reviewed the provisions of ASU 2014-09, along with all subsequent amendments (collectively, "ASC 606") and determined that its revenue streams do not fall under the scope of Accounting Standards Codification ("ASC") 606 and instead will be accounted for under ASU 2018-08, *Not-for-Profit Entities (Topic 958), Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made* as discussed below.

In June 2018 the FASB issued ASU 2018-08. The standard clarified and improved current guidance by providing criteria for determining whether a nonprofit is receiving commensurate value in return for the resources transferred. The outcome of the analysis determines whether the contract or grant constitutes either a contribution or an exchange transaction (i.e. ASC 606). The guidance also provides a more robust framework for determining whether a contribution is conditional or unconditional, and for distinguishing a donor-imposed condition from a donor-imposed restriction. The Foundation adopted this update on a modified prospective basis as of April 1, 2019 and as of that date, there were no open contracts that required a change in revenue recognition.

Contribution and in-kind contribution revenue were accounted for under ASC Topic 958-605, *Not-for-Profit Entities, Revenue Recognition*, before the implementation of the new standards. With the clarifications outlined in ASU 2018-08, the Foundation's management reviewed existing agreements as of the effective date, as well as new agreements for fiscal 2020, and concluded that there are no material changes in revenue related to contributions.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Assets are presented in the accompanying statements of financial position according to their nearness of conversion to cash and liabilities according to their nearness of their maturity and resulting use of cash.

Valencia College Foundation, Inc.

Notes to Financial Statements

Cash Equivalents

The Foundation considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the dividend date. Investment expenses are netted against interest and dividends in the accompanying statements of activities.

Pledges Receivable

Pledges receivable are unconditional promises to give and are recorded when the promises to contribute are made. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at fair value, which is measured as the present value of future cash flows. The discounts on these amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are to be received. Amortization of discounts is included in contribution revenue. The Foundation provides an allowance for uncollectible pledges based on the historical ratio of write-offs.

Rental Property

Rental property includes land, buildings and improvements and is stated at cost. Depreciation of buildings and improvements is calculated using the straight-line method over its estimated useful life of 40 years.

The cost of additions or improvements which substantially extend the useful life of the buildings are capitalized. Repair and maintenance costs are charged to expense. Upon sale or other disposition, the cost and related accumulated depreciation are removed from the accounts and any gain or loss is recognized.

Trust Liability

Trust liability represents an interest in a charitable gift annuity which requires that payments be made to the donors until deceased, at which time the remaining principal and income will become available for use by the Foundation. On an annual basis, the Foundation reviews the need to revalue the liability to make distributions to the designated beneficiary based on actuarial assumptions. The present value of the estimated future payments is calculated using a discount rate of 8% and applicable mortality tables.

Valencia College Foundation, Inc.

Notes to Financial Statements

Contributions and Donor-Imposed Restrictions

The Foundation recognizes contributions when cash, securities or other assets or an unconditional promise to give is received. Conditional promises to give, that is those with a measurable performance or other barrier and a right of return, are not recognized until the conditions on which they depend have been met. Unconditional promises to give due beyond one year are reported at the present value of their net realizable value, using risk-free rates applicable to the years in which the promises are to be received.

Contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or are restricted by the donor for specific purposes are reported as donor restricted support that increases the net asset class.

When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the statement of activities as net assets released from restrictions. If a restriction is fulfilled in the same time period in which the contribution is received, the Foundation reports the support as net assets without donor restrictions.

In-Kind Contributions

Contributions of donated assets and services are recorded at their estimated fair market value at the date of receipt and are reflected as contributions in the accompanying statements of activities (see Note 6). Contributions of services are recognized only if such services create or enhance nonfinancial assets, would have been purchased if not provided by donation, and require specialized skills provided by individuals possessing such specialized skills.

Rent Revenue and Deferred Revenue

Rent revenue is recognized on the straight-line basis over the terms of the respective leases. Rental payments received in advance are recorded as deferred revenue. Deferred revenue also includes sponsorships received for special events that will take place in subsequent fiscal years.

Net Assets

Net Assets Without Donor Restrictions

Net assets without donor restrictions represents funds that are available without restriction for carrying out the Foundation's objectives.

Net Assets With Donor Restrictions

Net assets with donor restrictions consist of assets whose use is limited by donor-imposed, time and/or purpose restrictions. When a restriction expires, donor restricted net assets are reclassified to net assets without donor restrictions and reported in the accompanying statements of activities as net assets released from restrictions.

Amounts received that are to be maintained by the Foundation in perpetuity are reported as contributions with donor restrictions.

Valencia College Foundation, Inc.

Notes to Financial Statements

Functional Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying statements of activities. Salaries and related payroll expenses are allocated among functional categories based on the estimated proportion of time spent relative to each function. Depreciation, payroll taxes, and property taxes and insurance are allocated based upon the ratio of employees per function. All other expenses are directly related to one functional category.

Income Taxes

The Foundation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and is classified as an other-than-private foundation within the meaning of Section 509(a) of the Internal Revenue Code and from state income taxes under similar provisions of the Florida Income Tax Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

The Foundation identifies and evaluates uncertain tax positions, if any, and recognizes the impact of uncertain tax positions for which there is a less than more-likely-than-not probability of the position being upheld when reviewed by the relevant taxing authority. Such positions are deemed to be unrecognized tax benefits and a corresponding liability is established on the statement of financial position. The Foundation has not recognized a liability for uncertain tax positions. If there were an unrecognized tax benefit, the Foundation would recognize interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expenses. The Foundation's open tax years subject to examination by the Internal Revenue Service generally remain open for three years from the date of filing.

Fair Value of Financial Instruments

The Foundation reports its financial assets and liabilities using a three-tier hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 - Valuation based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 - Valuation based on observable quoted prices for similar assets and liabilities in active markets.

Level 3 - Valuation based on inputs that are unobservable and are supported by little or no market activity, therefore requiring management's best estimate of what market participants would use as fair value.

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management. The respective carrying value of certain financial instruments approximates their fair values due to the short-term nature of these instruments. These financial instruments include pledges due in one year or less and accounts payable and accrued expenses.

Valencia College Foundation, Inc.

Notes to Financial Statements

The Foundation's Level 1 financial instruments consist of investments as identified in Note 2 and are valued based on quoted market prices.

The Foundation's Level 2 financial instruments consist of the following:

- Florida Prepaid Tuition Scholarships of \$5,374,737 and \$5,472,829 as of March 31, 2020 and 2019, respectively, which are valued using the actuarial present value of the future contract benefits and expenses obligation. This valuation method reflects the present value of estimated contract benefits and expenses that will be paid in future years and is adjusted for the effects of projected tuition and fees and dormitory housing fees increases and termination of contracts.
- Trust liability of \$57,414 and \$76,194 as of March 31, 2020 and 2019, respectively, which are valued using the present value of estimated future payments and mortality tables.
- Pledges due beyond one year recorded at their net present value using a risk-adjusted interest rate applicable to the years in which the pledge was made (Note 3).

The Foundation has no Level 3 financial instruments.

The Foundation owns three investments that are fair-valued using net asset value ("NAV"), which is not required to be evaluated using the Level 1 through 3 fair value hierarchy:

- SEI Energy Debt Fund, LP (the "Fund") is a limited partnership that invests directly and indirectly in below investment grade bonds and loans (and other debt and equity instruments) of U.S. and international energy companies. The Fund is valued at NAV and has a three year lock up period from the date of subscription. After the lock up period, redemptions of 50% are allowed semi-annually then 25% is allowed for each of the next two semi-annual periods. Redemptions require a 95-day notice period, subject to fund director consent and certain holdback restrictions. The lock up restrictions expire in fiscal year 2021.
- SEI Structured Credit Fund, LP (the "Structured Credit Fund") is a limited partnership registered as a closed-end, non-diversified, management investment company. The Structured Credit Fund invests in limited partnership interests through private placement transactions to investors that have signed an investment management agreement with SEI Investments Management Corporation, the investment adviser to the Structured Credit Fund. The Structured Credit Fund is valued at NAV and has a two year lock up period from the date of subscription. After the lock up period, redemptions are made through a tender offer and require a 65-day notice, subject to certain holdback restrictions. The lock up restrictions expired in fiscal year 2020.
- SEI Core Property Fund, LP (the "Core Property Fund") is a limited partnership that invests directly and indirectly in a diversified pool of private investment vehicles that invest in commercial real estate properties. The Core Property Fund is valued at NAV and are subject to gate if withdrawal amounts exceed 25% of NAV. Redemptions require a 95-day notice, subject to certain holdback restrictions.

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue, gains, other and expenses during the reporting period. Actual results could differ from those estimates.

Accounting Pronouncements Issued but Not Yet Adopted

Leases

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. This ASU requires a lessee to record, for all leases with a lease term of more than 12 months, an asset representing its right to use the underlying asset for the lease term and a liability to make lease payments. For leases with a lease term of 12 months or less, a practical expedient is available whereby a lessee may elect, by class of underlying asset, not to recognize a right-of-use asset or lease liability. A lessee making this accounting policy election would recognize lease expense over the term of the lease, generally in a straight-line pattern. This guidance is effective for financial statements issued for fiscal years beginning after December 15, 2021. Early adoption is permitted. In transition, a lessee and a lessor will recognize and measure leases at the beginning of the earliest period presented using a modified retrospective approach. The modified retrospective approach includes a number of optional practical expedients. These practical expedients relate to identifying and classifying leases that commenced before the effective date, initial direct costs for leases that commenced before the effective date, and the ability to use hindsight in evaluating lessee options to extend or terminate a lease or to purchase the underlying asset. ASU 2018-11 was issued in June 2018 that also permits entities to choose to initially apply ASU 2016-02 at the adoption date and recognize a cumulative-effect adjustment to the opening balance of net assets in the period of adoption. The Foundation is currently evaluating the impact of this ASU on its financial statements.

Fair Value Measurements

In August 2018, the FASB issued ASU No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement* (“ASU 2018-13”). The new guidance amends the disclosure requirements for recurring and nonrecurring fair value measurements by removing, modifying, and adding certain disclosures on fair value measurements in ASC 820. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. The new guidance will be effective for the Foundation beginning April 1, 2020, with early adoption permitted. Management is currently evaluating the impact of this ASU on its financial statements.

Valencia College Foundation, Inc.

Notes to Financial Statements

Credit Losses

In June 2016, the FASB issued ASU 2016-13, *Financial Instruments - Credit Losses (Topic 326)*. The ASU changes the impairment model for most financial assets that are measured at amortized cost and certain other instruments from an incurred loss model to an expected loss model. Entities will be required to estimate credit losses over the entire contractual term of an instrument. The ASU includes financial assets recorded at amortized cost basis such as pledges, trade and certain other receivables as well as certain off-balance sheet credit exposures such as loan commitments and financial guarantees. The ASU does not apply to financial assets measured at fair value, and loans and receivables between entities under common control. The ASU is effective for fiscal years beginning after December 15, 2022. Early adoption may be selected for fiscal years beginning after December 15, 2018. An entity must apply the amendments in the ASU through a cumulative-effect adjustment to net assets as of the beginning of the first reporting period in which the guidance is effective except for certain exclusions. Management is currently evaluating the impact of this ASU on its financial statements.

7. Retirement Plan

Effective January 1, 2007, all employees of the Foundation were classified as employees of Valencia. Most employees working in regularly established positions of Valencia are covered by the Florida Retirement System ("FRS"). The FRS is primarily a State-administered, cost-sharing, multiple-employer, defined benefit retirement plan (the "Plan"). Essentially, all regular employees of participating employers are eligible to enroll as members of the FRS. Benefits in the Plan vest at 6 years of service. All members are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, which may include up to 4 years of credit for military service. The Plan also includes an early retirement provision, but imposes a penalty for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, and death benefits, and annual cost-of-living adjustments.

The Foundation's liability for participation is limited to its payments, reimbursed to Valencia, of the required contribution at the rates and frequencies established by law on future payrolls of Valencia. The Foundation's contributions for the years ended March 31, 2020 and 2019 totaled \$121,345 and \$119,382, respectively, which were equal to the required contributions for the fiscal year and are included in salaries and benefits on the accompanying statements of functional expenses.

8. Net Assets With Donor Restrictions

Net assets with donor restrictions are restricted for future periods or the following purposes as follows:

<i>March 31,</i>	2020	2019
Scholarships	\$ 14,324,553	\$ 18,948,023
Academic program support	14,221,557	18,746,374

Total	<u>\$ 70,764,282</u>	<u>\$ 82,573,740</u>

Valencia College Foundation, Inc.

Notes to Financial Statements

Net assets released from restrictions to support programs are as follows:

<i>Year Ended March 31,</i>	2020	2019
Scholarships	\$ 2,499,742	\$ 2,482,273
Academic program support	4,818,840	4,829,111
Teaching chairs	130,774	115,553
Total	\$ 7,449,356	\$ 7,426,937

The Foundation has implemented an administrative fee for the management and stewardship of the investment pool. The fee is calculated on a quarterly basis as a percentage of the value of the investment pool. For the years ended March 31, 2020 and 2019 this fee was 1.5%. Total administrative fees released from restriction were \$1,143,193 and \$1,137,427 for the years ended March 31, 2020 and 2019, respectively, and are included in net assets released from restrictions for administrative support on the accompanying statements of activities.

Endowment Funds

The Foundation has donor restricted endowment funds that are restricted to investment in perpetuity and are recorded as net assets with donor restrictions. The returns on the donor restricted endowment funds have been included in the various components of investment income with donor restrictions on the accompanying statement of activities since they are restricted by the donor for scholarships, academic program support and teaching chairs. The general spending guideline is to support an annual payout of at least 4% from those accounts that have attained their minimum and expected level of donor contributions along with all applicable state, federal and any other matching monies due. Spending rate is based upon a seven year rolling average of endowment market values. Carry-over of unspent distributions and special payments in excess of the annual spending policy are allowable expenditures only with the special approval of the board of directors.

The Board of Directors of the Foundation has interpreted the Florida Uniform Prudent Management of Institutional Funds Act ("FUPMIFA") as requiring the preservation of the fair value of original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets with donor restrictions: (a) the original value of the gift donated to the permanent endowment, (b) the original value of the subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Earnings on donor-restricted endowment funds are classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by FUPMIFA. In accordance with FUPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund;
- (2) The purposes of the Foundation and the donor-restricted endowment fund;
- (3) General economic conditions;
- (4) The possible effect of inflation and deflation;
- (5) The expected total return from income and the appreciation of investments;
- (6) Other resources of the Foundation;
- (7) The investment policies of the Foundation.

Valencia College Foundation, Inc.

Notes to Financial Statements

The Foundation has a board designated endowment fund recorded as net assets without donor restrictions which was designated by the Board in 2007 for the Title III East Campus Fund for which the earnings are designated for academic support and teaching chairs at Valencia's East Campus.

The endowment funds are invested in accordance with the investment policies of the Foundation in order to preserve and enhance the real purchasing (i.e., inflation-adjusted) power of the pooled investment fund while providing a relatively predictable, stable and constant, stream of earnings. The Foundation's performance objective is to grow the market value of assets net of inflation, administrative and investment expenses, over a full market cycle (generally defined as a five to seven year period) without undue exposure to risk. In quantitative terms, the objective is to earn a total return over inflation without exceeding a standard deviation of 1.2 times a weighted benchmark index. The benchmark index for the Foundation will be comprised of each asset class index weighted by its target allocation. It is also expected that the portfolio will outperform on a nominal or risk-adjusted basis this weighted benchmark index over a full market cycle.

The Foundation's endowment net assets consist of following:

<i>March 31, 2020</i>	Without Donor Restrictions	With Donor Restrictions	Total
Donor restricted endowment funds	\$ —	\$ 56,887,609	\$ 56,887,609

9. Concentrations of Credit Risk

Financial instruments which potentially expose the Foundation to concentrations of credit risk include cash balances in excess of federally insured deposit balances and investments. The Foundation places its cash and cash equivalents with high quality financial institutions and has not experienced any losses on such accounts. At March 31, 2020, insurance coverage amounted to \$250,000 per depositor at each financial institution.

The Foundation also has significant investments that are subject to concentrations of credit risk. Investments are made by investment managers engaged by the Foundation and the investments are monitored for the Foundation by these same managers. Although the market value of investments is subject to fluctuations on a day-to-day basis, management believes the investment policy is prudent for the long-term welfare of the Foundation.

10. Financial Assets and Liquidity Resources

As of March 31, financial assets and liquidity resources available within one year for program support were as follows:

<i>March 31,</i>	2020	2019
Cash and cash equivalents	\$ 2,018,500	\$ 5,538,228
Investments	69,517,388	77,952,690

Net financial assets and liquidity resources available within one year	\$ 1,462,564	\$ 4,601,697

As part of the Foundation's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, the Foundation invests cash in excess of daily requirements in short-term investments.

11. COVID-19 and CARES Act

COVID-19

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The pandemic represents a market risk factor which has caused significant volatility in U.S. and international markets and as a result, the Foundation experienced significant losses in its investment portfolio. In response to the wide spread of the virus across the U.S., the Foundation directed all of its staff to work from home effective March 14, 2020, with limited access to the Foundation's office. The Foundation's operations are heavily dependent on revenue generated by a lease on foundation-owned property and an administrative fee on the investment pool. As of the date of this report, the Foundation continued to receive rent from the lease. Additional operational support is provided by Valencia College. Contributions do not fund any part of the Foundation's operations. Significant volatility occurred in the Foundation's investment portfolio in the last quarter of fiscal 2020 as uncertainty about the global pandemic caused by novel coronavirus, the governmental response to it and the impact on the economy drove up fear in the market. While investment values declined as of March 31, 2020 due to the COVID-19 outbreak, they have rebounded after year-end.

Valencia College Foundation, Inc.

Notes to Financial Statements

The outbreak may have a continued material adverse impact on economic and market conditions, triggering a period of national and regional economic slowdown. This situation is expected to depress donations from individuals, foundations, and corporations during fiscal year 2021. As such, this may hinder the Foundation's ability to advance its mission. At this time, it is difficult to predict the length and severity of the impact of the COVID-19 outbreak. As such, the Foundation's financial condition and liquidity may be adversely impacted for fiscal year 2021.

CARES Act

On March 27, 2020 the Coronavirus Aid, Relief and Economics Security ("CARES") Act was enacted. The CARES Act was enacted to address the economic fallout of the COVID-19 outbreak on the economy. The CARES Act, among other things, includes provisions relating to refundable payroll tax credits, deferment of employer side social security payments and net operating loss carryback periods. It also appropriated funds for the Economic Injury Disaster Loans to provide liquidity to small businesses harmed by COVID-19. There is no assurance the Foundation is eligible for these funds or will be able to obtain them. Management continues to examine the impact the CARES Act may have on its business and currently does not expect the tax impact or relief from the CARES Act will have a significant impact to its financial statements.

12. Subsequent Events

The Foundation has evaluated events and transactions occurring subsequent to March 31, 2020 as of August 12, 2020, which is the date the financial statements were available to be issued. Subsequent events occurring after August 12, 2020 have not been evaluated by management. No material events have occurred since March 31, 2020 that require recognition or disclosure in the financial statements.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Directors
Valencia College Foundation, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Valencia College Foundation, Inc. (the "Foundation"), which comprise the statement of financial position as of March 31, 2020, and the related statements of activities, cash flows and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated August 12, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Foundation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Foundation's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Gentlemen:

Based on information supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code.

We have further determined you are not a private foundation within the meaning of section 509(a) of the Code, because you are an organization described in section ~~509(a)(3)~~.

You are not liable for social security (FICA) taxes unless you file a waiver of exemption certificate as provided in the Federal Insurance Contributions Act. You are not liable for the taxes imposed under the Federal Unemployment Tax Act (FUTA).

Since you are not a private foundation, you are not subject to the excise taxes under Chapter 42 of the Code. However, you are not automatically exempt from other Federal excise taxes. If you have any questions about excise, employment, or other Federal taxes, please let us know.

Donors may deduct contributions to you as provided in section 170 of the Code. Requests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

If your purposes, character, or method of operation is changed, please let us know so we can consider the effect of the change on your exempt status. Also, you should inform us of all changes in your name or address.

If you are subject to this tax, you must file an income tax return on Form 990-T. In this letter we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

If an employer identification number was not entered on your application, a number will be assigned to you and you will be advised of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service

Please keep this determination letter in your permanent records.

Sincerely yours,

Charles O. DeWitt

Dear Friend:

Valencia Community College has served many thousands of students in Orange and Osceola counties in the past several years. The College meets the needs of those desiring to continue their education later at a four-year institution as well as those desiring technical or professional training to better handle job opportunities.

Unfortunately, there are always a number of persons desiring to attend Valencia Community College who, because of financial problems, are unable to do so. To try to meet these needs, the Valencia Community College Foundation, Inc., was created. The Foundation solicits contributions in order that the scholarships and loans may be awarded to worthy and qualified students.

Enclosed is a brochure which describes benefits of year end gifts.

I now ask that you carefully consider making a gift to Valencia Community College Foundation. For your convenience a postage paid return envelope is enclosed.

Your help will be appreciated.

Sincerely,

Charles M. Potter
