Second Doses: Monday, May 17, 2021

Time: 10 a.m. - 6 p.m. or as long as supplies are available each day.

VALENCIA COLLEGE

WHEN CAN I GET THE VACCINE?

All Florida residents are now eligible to receive any COVID-19 vaccine as prescribed by the Food and Drug Administration.

Individuals Under 18: The Pfizer vaccine is authorized for persons age 16 and up. All individuals under the age of 18 receiving a vaccine must be accompanied by a guardian and must complete the COVID-19 vaccine screening and consent form

Citizenship is not an eligibility requirement for the vaccine. Students have to show only proof of Florida residence by showing a Florida driver's license or state ID card. If they don't have either one of these, they need to provide two documents as proof of temporary residence, such as a rental agreement, utility bill no more than two months old, or mail from a financial institution or a government agency.

Source: CDC

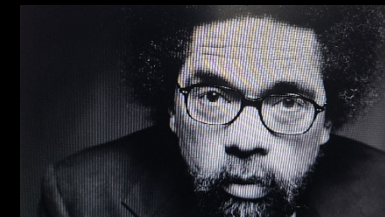

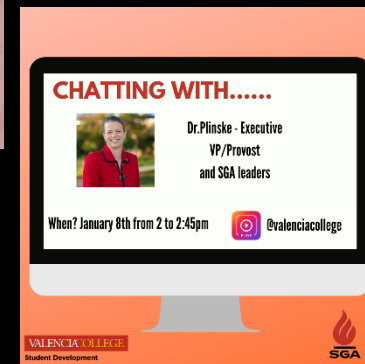

WHAT DOES THE PROCESS LOOK LIKE?

1. Before you arrive, contact the site where you will be vaccinated or review your appointment confirmation email
2. When you get a vaccine, you and your healthcare provider will both need to wear masks that cover your nose and mouth
3. You should receive a paper or electronic version of a fact sheet that tells you more about the specific COVID-19 vaccine you receive.
4. After getting a COVID-19 vaccine, you should be monitored on site for at least 15 minutes.
