Looking Ahead: Future Board Discussion

- ❑ How are Valencia's New Student Experience and advising model supporting students' critical early college experiences and their progress toward graduation?
- ❑ What equity-minded curricular and pedagogical changes show the most promise toward improved outcomes for students in gateway courses?
- ❑ How has the strategic allocation of institutional and Foundation scholarships supported students' progress toward earning a degree?
- ❑ What policy changes hold the most promise for improving student outcomes and advancing equity?
