PROPERTY DELETIONS

February 21, 2012

TO: BOARD OF TRUSTEES
Valencia College

FROM: SANFORD C. SHUGART
President

RE: PROPERTY DELETIONS

Surplus, trade-in, obsolete, economically unrepairable, or missing equipment items are periodically deleted from the property records of the College. Equipment which is surplus, obsolete or not economically repairable may be donated to local school systems, non-profit organizations or other governmental entities.

Per Florida Statute 274.02, equipment with a cost or fair market value of \$1,000 or more and a projected useful life of more than one year must be recorded in the financial records as property for inventory purposes. Therefore, original cost reflects the cost of the item at the date of acquisition, or the estimated fair market value at the date received, in the case of gifts.

Equipment is depreciated on a straight-line basis over the following estimated useful lives:

- Computers – three years
- Vehicles, office machines, educational equipment – five years
- Furniture – seven years

Therefore, current book value reflects the net depreciated value (acquisition cost or fair market value less depreciation).

Missing

1 asset with an original cost of \$1,368.00 with a current book value of \$0.00

Stolen

1 asset with an original cost of \$4,270.00 with a book value of \$0.00

Obsolete

7 assets with an original cost of \$17,350.24 with a current book value of \$0.00

Surplus

90 assets with an original cost of \$182,940.30 with a current book value of \$0.00

Economically Unrepairable

26 assets with an original cost of \$66,144.87 with a current book value of \$0.00

RECOMMENDED ACTION:

The President recommends that the Board of Trustees approve the disposition and deletion of equipment from the property records as requested and authorize the College to exchange, dispose of, or trade in the items as surplus property according to Board Policy 6Hx28:06-26.
