

GOOD MORNING 😊

2013-2014 SGA

Last Year

LEGISLATIVE, STATE & LOCAL ISSUES

- Public Transportation throughout **Poinciana, BVL and Osceola.**
- High school transcripts as **residency forms**
- Town Hall meeting on local/state **student issues**

Speakers/Guests	Logistics/Locations/Funding	Implications
<p>We would like to invite any influential political figureheads to speak at the town hall meeting to inform students on issues in a transparent way. We are interested with key figures in the community such as: John Quinonez (senator), Guillermo Hansen (Legislator) and LaRosa.</p>	<p>We are attempting to receive aid from the Osceola Legislative Effort in accordance with the transportation issue. We also hope that they can aid us in making in-state tuition</p>	<p>With high school diplomas as residency forms, students will be able to easily transition into Valencia. Much of the delays in enrollment come from residency issues in the answer center. With the public transportation issue resolved many landlocked students in Poinciana and students without transportation in the are can finally attend college without issues.</p>
